preprocessing			
performing, of textual data	218	219	
pretrained model			
using	245		
principal component analysis (PCA)			
about	106		
setting up	136	137	138
versus Restricted Boltzmann	144	145	147
Python codes, for manipulating MIDI songs			
download link	238		

Q

Q-learning technique	213		

R

R console	8		
R			
deep learning tools/packages, setting up in	18		
H2O, installing in	24	25	
installing, with IDE	7	8	9
MXNet, installing in	19	20	
TensorFlow, installing in	21	22	23
RBM model			
building	239	240	241
reconstruction error	128		
Rectified Linear Unit (ReLU)	69		
Recurrent Neural Networks (RNN)	188		
regression models			
evaluation parameters	17		
regularization error	128		
regularized autoencoder			
setting up	115	116	117

This page has been reformatted by Knovel to provide easier navigation.

Index Terms	Links			
Reinforcement Learning (RL)				
about	202			
basic notations	203			
ReLU6	51			
Restricted Boltzmann machine				
backward phase	152	153		
output, evaluating from	158	159	160	161
reconstruction phase	152	153		
setting up, for Bernoulli distribution input	149	150	151	
setting up, for collaborative filtering	162	163	164	
training	151	152		
versus principal component analysis	144	145	147	

S

semi-supervised learning	13			
sentiment extraction	218	220	223	224
	225			
sentiment prediction				
performing, LSTM network used	229	230	232	233
sigmoid function	33	51		
softmax activation				
applying, to obtain printed class	94	95		
softplus function	51			
sparse autoencoder	106			
sparse decomposition				
evaluating	139	140		
stacked autoencoders				
setting up	118	119	120	
stochastic encoders				
about	127			
building	129			
supervised learning	13
